STATE DEMOCRATS COMPLETE TICKET

Chief Incident [illegible] Was a Somewhat Sensational [illegible] ning of the Democracy of Mrs. Grenfell.

Denver, Sept. 23.—The Democratic state convention today completed its ticket with the nomination of John F. Shafroth as state [illegible] at large. Mr. Shafroth at first refused to allow the use of his name, but this afternoon was persuaded to run. The convention gave him the nomination by acclamation, no other candidate being mentioned.

The complete Democratic ticket is as follows:

Governor—Alva Adams.
Lieutenant Governor—[illegible] M. Armour.
Secretary of state—Horace M. Hersey.
Auditor—Frank E. Wheeler.
Treasurer—J. M. Sandiver.
Attorney general—Daniel B. Carey.
Superintendent of schools—Mrs. Helen M. Grenfell.
Regents of university—Dr. J. B. Shermerhorn; David M. Richards.
Congressman-at-large—John F. Shafroth.

State chairman—Milton Smith.

For presidential electors: Charles J. Hughes, jr., of Denver; Thomas J. Zollars, of Denver; Judge A. W. Rucker, of Arapahoe; James F. Burns of El Paso; Judge Agnew Wilson, of La Plata.

Caucuses Not [illegible]

The Democratic state convention was called to order at 10 o'clock Wednesday morning and [illegible] was immediately taken until 11:45 on account of a number of caucuses in session. The convention [illegible] up the business of completing a ticket. E. M. Anthony of Pueblo was nominated for lieutenant governor by acclamation [illegible].

On motion the nomination of candidates for state [illegible] was completed.

Horace W. Hersey of Lake county was then nominated by acclamation for secretary of state.

Contest for Auditor.

Frank E. Wheeler of mineral, Senator R. Ollis of Denver, and J. Fred Porter of Larimer were placed in nomination for auditor.

The ballot resulted in the election of Wheeler, the vote standing: Wheeler 181 1-2; Ollis 158 1-2; Porter 144 1-2. Recess was then taken till 2 p.m. in order to give the delegates a chance to get their lunch.

When the convention reassembled John H. Pew was elected to serve [illegible] the office of treasurer by C. S. Thomas. He was followed by W. N. Burtis, who placed J. M. Sandiver of Ouray in nomination. As the roll call proceeded nearly every county seconded the nomination of one or the other of the candidates.

Sampling was continued, all in the [illegible] the vote was announced, the [illegible] withdrawn and Lewis [illegible]

Mrs. Grenfell's Democracy.

A call was then made for nominations for superintendent of public instruction. D. M. Campbell of Pueblo, placed in nomination Mrs. Helen M. Grenfell of Gilpin. T. J. O'Donnell nominated Miss Ida Kruse of Gilpin. He stirred up the convention by saying if Mrs. Grenfell would come to the platform and make the statement, "I am a Democrat," Miss Kruse would withdraw her name. This demand was made because doubt had been expressed in regard to the Democracy of the candidate. The convention was in disorder for some time and cries for "Grenfell" echoed through out the hall. Former Governor Thomas finally secured the attention of the convention and tried to pour oil on the troubled waters. Finally former Governor Adams and he was escorted there [illegible] Mrs. Grenfell and paid a glowing tribute to her.

Finally roll call on the nominations were ordered. When Clear Creek was called it yielded to Gilpin and Miss Kruse took the platform and withdrew in favor of Mrs. Grenfell. The nomination of Mrs. Grenfell was then made by acclamation. Mrs. Grenfell was brought into the convention and declared she had supported and talked for the Democratic [illegible] She said she had always been a believer in the principles of William J. Bryan.

University Regents.

Three candidates were placed in nomination for regents of the university. They were J. C. Wiley of Rio Grande, David M. Richards of Denver, and Dr. J. B. Schermerhorn of Montrose. While waiting for the announcement for the result of the vote on regents, C. S. Thomas [illegible] in nomination John F. Shafroth [illegible] and asked that the nomination be made by acclamation. This carried.

Milton Smith was then nominated for chairman of the state committee by acclamation.

FOR THE STATE LEGISLATURE

DEMOCRATS IN DENVER FILL IN WHAT TIME IS WITH BUNCH OF SENATORIAL AND REPRESENTATIVE CONVENTIONS.

Denver, Sept. 22.—Dexter T. Sapp was unanimously nominated for the state senate by the Eleventh senatorial district convention held at the Democratic club today. Pitkin and Garfield counties comprise the district.

Twenty-first senatorial district, comprising Garfield, Rio Blanco and Eagle counties: Edward T. Taylor of Garfield county.

Fifty-first representative district, comprising Denver, Boulder, Adams, Kit Carson, Cheyenne, Elbert and Lincoln counties: J. C. Murphy of Cheyenne county.

Fifty-second representative district, comprising Denver, Adams, Arapahoe and Douglas counties: [illegible]

The second congressional district convention will be held in Denver tomorrow. The two candidates are State Senator Hume Lewis of Pueblo, and Joseph H. Maupin of Fremont county.

ABANDONED AT TRADING POST

OUTBREAK OF WAR BETWEEN RUSSIA AND JAPAN NEARLY ANNOUNCED IN DEATH OF A PARTY IN KAMCHATKA.

Seattle, Wash., Sept. 22.—On the verge of starvation and threatened with scurvy at a lonely trading place on the Kamchatka peninsula, four white persons, a woman, a child and two men and a Japanese fisherman were found by the steamer Jeanie Thompson Wednesday. The survivors were conveyed to Nome and there transferred to the steamship Victoria, which reached port today.

The party consists of Cecil Meares, representing the Lengdon firm of Crumpton & Schwabe, and Valentine Krzeszki and his wife and child. Meares has been engaged in trading with the Siberian natives for furs and whalebone for several years. Krzeszki acted as his interpreter. Last year the party encountered a Japanese vessel at Tokohama to take the party to their destination on the Kamchatka peninsula. After they arrived there war broke out between Japan and Russia and the Japanese merchantman did not venture into Siberian waters. Mr. Meares was not aware that the Japanese government was at war with any other nation and toward the latter part of last May looked for the arrival of the boat with provisions and supplies for the summer.

Day after day he watched for the vessel, but it did not come. Finally on June 20, the schooner Emily Claudina drove in sight with the news that Meares was to be taken to Nome.

TOOK A SHOT AT CHIEF OF POLICE

AN UNSUCCESSFUL ATTEMPT TO KILL AN ODESSA CITY OFFICIAL—ASSASSIN WAS SECURED AND PLACED IN CUSTODY.

St. Petersburg, Sept. 22.—In Odessa this morning while Chief of Police Neidgardt in company with Prince Obolensky, his assistant, was inspecting some new government buildings in the Boulevard Nicholas near the Pushkin monument a young man wearing a blue blouse, shot a revolver from a distance of six paces at Neidgardt.

The bullet did not strike the chief of police and the assassin was about to fire again when he was seized by Prince Obolensky. The man's weapon fell to the ground and in a desperate effort Neidgardt was wounded in the hand with a dagger, the assassin was secured and placed in custody. He refuses to give his name or any account of himself.

MORMON PROPAGANDA PROHIBITED IN HUNGARY.

Vienna, Sept. 22.—Count Tisza, the Hungarian minister of the interior has rendered a decision prohibiting Mormon [illegible] within Hungary, upon the ground that such a movement is undesirable from the standpoints of both state policy and religion. The immediate occasion of the decision was the expulsion of two Mormon missionaries, Franklin Fligler and William Wallis, who came from Salt Lake to Temesvar 18 months ago and attempted to organize a Mormon community among Hungarians who formerly had resided in Utah.

BUILDERS WILL TRY TO HOLD THE NOMINATION.

Denver, Sept. 22.—Attorney T. J. O'Donnell will represent Clay B. Whitford in the court proceedings which will be instituted to reverse the action of [illegible] F. Mullins as representative from the first district in congress.

Attempts have been made by the leaders of the party to induce Mullins to voluntarily withdraw, but he has emphatically refused.

RAIN FAILED TO PUT OUT MONTANA FOREST FIRES

Butte, Mont., Sept. 22.—The rain storm yesterday was not heavy enough to put out the [illegible] fires which have been raging for the past two [illegible] in Warm Springs [illegible] A [illegible] of [illegible] passed the burning [illegible] and the fire started off again toward the Tahkuli [illegible]

ACCIDENT TO THE PRESIDENT'S TRAIN

Of a Nature Which Might Have Caused a Serious Disaster---Occurred at the Tunnel at Baltimore.

Washington, Sept. 22.—President Roosevelt and party arrived here over the Pennsylvania railroad from Oyster Bay at 6:25 o'clock this afternoon.

The president's train was delayed about 35 minutes by an accident to the rear wheel of the locomotive as it neared the tunnel at Baltimore. The engine was immediately switched and another provided to pull the train to Washington. The accident caused no damage to the train.

Fortunately the train was proceeding at a very slow rate of speed when the accident occurred or the result might have been much more serious. It was not breaking more than 35 miles an hour when in some unaccountable manner the tire of the rear driver wheel on the left side of the engine broke and curled off. One end of it protruded upward and jammed through the boiler of the engine, causing an almost immediately shutting off of the steam. Engineer Weatherby put on the air brakes and the train came to a stand. A request was sent to the yard for another engine was attached to the train and it proceeded to Washington.

The cause of the tire breaking, according to the railway officials was quite inexplainable. The engine just before leaving Philadelphia had been thoroughly tested. The president and his party took the matter very coolly.

Today's accident is said to be the first which has happened to a train on which President Roosevelt has traveled during his administration.

The president was given a cordial welcome here by a large crowd of people as he came through the train shed and walked out to the street where his carriage was waiting. The crowd lined both sides of Sixth street for a long time before the train arrived and when he made his appearance and stepped into his carriage he was enthusiastically cheered.

NO INTENTION WHATEVER OF REDUCING MINERS' WAGES

Political Chicanery Promptly and Effectively Blocked by Clear and Explicit Statement of Mine Owners.

Special to the Gazette.

Cripple Creek, Sept. 22.—Repeated efforts are being made both in this district and in fact all over Colorado by parties supporting the Democratic ticket to create a suspicion in the minds of the miners that the mine owners are favoring the election of Sheriff Bell and the Republican state ticket as a part of a plan to bring about a reduction of wages in the district.

The falsehood first appeared when Mr. Bell's name was being considered as a candidate and it has been persistently circulated since both parties have made their nominations. The large number of voters cannot be forced by any such false statements but desiring to get at the bottom of the rumors that a representative interviewed C. C. Hamlin, secretary of the Mine Owners association, upon the subject, and obtained the following explanation of the story.

Some Democratic politicians seem to [illegible] feeling of despair and discontent among the farm workers in the mines against the Mine Owners association and have taken up our support of Sheriff Bell as the hook on which to hang their falsehoods and misrepresentations, going to the extent of saying that our support of him is due to a desire to cut wages.

"This assertion is so false, malicious and groundless and is actuated by motives so wicked that I am unable to find words strong enough to defy the statement itself or to denounce the person or persons responsible for it. Any person who would thus attempt to create disagreement, dissatisfaction and suspicion in trying to push the district backward to the conditions which existed under the rule of the Western Federation of Miners is a greater enemy to the workers than Mr. Moyer or Mr. Haywood. If we believed that attempts could attend these manplots in their efforts to disturb the satisfactory relation which now exists between the employer and employed in this district we would feel that all our efforts of the past year and all the bloodshed and woes which this strike has occasioned have been in vain.

"We have fought this fight shoulder to shoulder with our men; neither could have accomplished anything without the other. What has been true in the past will be true in the future for we must stand or fall together. If the men who have stood with us in the fight against an organization which [illegible] to create a suspicion in the minds of the workingmen of the district, could know the true sentiments of the mine operators towards such falsehoods such as the above, would be before they were born.

"I speak from personal knowledge when I say that there is not an officer of our association nor a superintendent of any mine of prominence in the district who would not resign before he would assent to a reduction of the present wage scale and I want to say further that, with all the ire and bitterness of the past year, not one mine operator in the entire district has even suggested such a thing.

"The Cripple Creek operators have prospered and are prospering and they want their men to prosper with them. They are willing to pay the present scale [illegible] they were not forced to do it, but they are unanimous in their opinion that their interests are mutual and that what is for the good of one is for the good of both. We have stood together for a year and will stand together to the end.

The Mine Owners association is not a political organization but it will do all it can at all times to see that only such men are elected to office as will uphold the law and protect them in their right to work. We have supported and are supporting Sheriff Bell because we know him to be a brave and efficient officer who has performed his duty without fear or favor and who can of all others put an end to the reign of terror under which Teller county has suffered ever since its organization.

"I have little fear that the malicious rumors will find serious lodgment in the minds of the men of this district. I only ask them to consider for a moment who is their best friend, the men who have been fighting with them all this time and who cannot succeed without their good will and co-operation, or some irresponsible politician or political party, moved only by a greed for office."

TWO KILLED BY FALLING BRIDGE

THREE OTHERS FATALLY INJURED AND SIX MORE BADLY HURT IN AN ACCIDENT IN INDIAN TERRITORY.

Vinita, I. T., Sept. 22.—The east pier of a steel fill bridge being erected over Grand river at Carrys ferry, ten miles east of Afton, fell in, killing two men, fatally injuring three and injuring [illegible] others, some of whom suffered broken limbs.

The dead:
THOMAS BROWNING.
ROBERT LEGLAIR.

The names of the others are not obtainable tonight. A messenger from the scene states that the men were at work at the time, and the pier collapsed without warning, owing to faulty construction of the foundation, it not being on bedrock and being [illegible] by water.

The bridge was of steel, on stone piers and was to connect the east end of the Chouteau reservation with Vinita and to take the place of the ferry between Afton and Grove.

CREDITORS FORCE TELLURIDE TO WALL

New York Receiver Appointed to Take Charge of Mill Property at Colorado City. Ore at Plant Tied Up.

New York, Sept. 22.—Judge Holt, of the United States district court, has appointed Alfred Hoffman, Jr., receiver of the General Metals company, of this city, which was claiming to cover a capital of $1,500,000 and large plants for the production of gold ore into bullion at Colorado City, Colo.

The appointment of a receiver was made on an involuntary petition filed by Joseph M. Bacon, who claim to be a creditor of the General Metals company. He states that the alleged bankrupt corporation has capital stock of $500,000, now outstanding and that its factory and place of business elsewhere are of the value of about $500,000.

The petitioning creditor also states that the appointment of a receiver is necessary to preserve the plant and ores in course of manufacture, in the interest of himself and Henry [illegible] and Russell Parker, who are also creditors and join in the appeal. Receiver Hoffman furnished a bond for $5,000.

It is generally understood that the owners of the mill at the great new Colorado City, are willing to allow it to go into bankruptcy, whether for the purpose of reorganizing the company or for the purpose of selling out, is not known. A local attorney of the creditors of the mill made the following statement last night.

"The mill will close down as soon as the ore which was being run through the plant finishes its different processes. The roasters closed down yesterday.

Big Pay Roll Due.

There are several thousand tons of ore at the mill which is now tied up and for which the company is responsible in cash to the owners. There are about 125 employes of the mill who must be paid from the first of the month. These [illegible] are [illegible] advanced.

It is estimated that the indebtedness of the company will go into the hundreds of thousands, but the plant and other assets are supposed to be sufficient to cover this sum.

Manager J. D. Grant, of the mill [illegible] that he was in a position to say how much ore there was on hand or how matters stood. "I am waiting for advices from the east," he said, "and I do not care to make a statement at this time."

Attorney's Statement.

One of the attorneys for the creditors [illegible] gave the Gazette the following statement:

The General Metals company, owning the Telluride mill, is a New York corporation, its principal office are in New York.

On Tuesday last the [illegible] announced that the company had [illegible] mortgage for $500,000 covering its real estate, plant, etc.

It appears that several [illegible] of the directors of the General Metals company are very rich men and between them subscribed for the bonds at a rate netting 8½ per cent, which by the local management it was [illegible] would soon be a thing of the past. Within the last day or two it has been announced from New York that this fund was not available.

In order to protect [illegible] the creditors of the General Metals company took possession last night of ores in the mill which had been pledged to secure the purchase price thereof.

Whether the present control of the company will allow the company to go into bankruptcy or will [illegible] and provide sufficient capital to continue operations is not known.

The company has invested in [illegible] over half a million in its property at Colorado City and lately has been successfully and profitably treating a very large acreage of Cripple Creek ores. Further capital was, however required to carry the large ore supply necessary for successful operation and to add to the capacity and efficiency of the plant.

The total amount of the [illegible] bonds now out is not known, but all the bonds are reserved but to have been taken up. It is [illegible] on good authority that even if the assets of the company be insufficient to pay [illegible] sufficient to meet in full all the [illegible] of every [illegible]

JAPANESE ADVANCE SLOWLY ON MUKDEN

Attack Is Expected to Come on the Russian Front and Flanks Rather Than in Enveloping Movement.

While the Japanese are reported to be slowly advancing upon Mukden there has been no fighting worthy of note between the opposing armies under General Kuropatkin and Marquis Oyama. The latter, according to the military critics at St. Petersburg, is likely to pursue tactics quite different from those assayed by the Japanese at Liaoyang and it is expected that the attack will come on the Russian front and flanks, rather than in the form of an enveloping movement.

Definite information from Port Arthur is very meager and inconclusive and minor successes there are reported. Russian spies allege that a considerable force has been detached from the Japanese army which captured Liaoyang and sent back in aid of the operations against Port Arthur.

The formation of seven Russian rifle brigades for service in the far east has been ordered.

Mukden, Sept. 22.—The situation here continues quiet. Small parties of Japanese skirmishers are pushing northward on the road from Kentaipentse to Pustum. It is stated by Russian spies that Marquis Oyama has detached a considerable force to co-operate with the army before Port Arthur. The Russians have taken many Chinchunes prisoners, among them being found a number of Chinese regular soldiers.

The weather has suddenly turned cold. The supply of uniforms is inadequate and the soldiers are being supplied with Chinese padded overcoats, which have been bought in large quantities.

Many Chinese further are leaving Mukden.

The Chinese are extensively counterfeiting Russian money.

Chinese have brought into Mukden ten soldiers who had been dressed after killed or captured at Liaoyang. They had been executed and sewed up by natives who fed them and brought them into the Russian lines. The Chinese had suffered greatest from the men, but they were suitably rewarded by the officers of the regiment.

The surgeon of one of the Siberian regiments, who was captured at Liaoyang, has arrived here. The Japanese found him tending the wounded. They treated him well, entertained him at a concert in the famous Liao-yang summer garden and offered him a position as surgeon in the Japanese army. Finding that he preferred his own regiment, they Japanese good naturedly escorted him to the lines and allowed him to return to Mukden.

Captain Shubert and four Cossacks have returned from a scout south of the Japanese right wing. The captain brings complete information regarding the Japanese positions and movements, and says active operations in his vicinity probably will commence within a few days. Captain Shubert experienced great kindness at the hands of the Chinese, who fed him and his men and offered to dismiss them in Chinese clothing. This, however, was not necessary, as the party evaded the Japanese pickets, passing within a few yards of one, reaching the Russian lines in safety.

ODD FELLOWS WILL MEET NEXT YEAR IN PHILADELPHIA

San Francisco, Sept. 22.—The sovereign grand lodge of Odd Fellows has reconsidered its action designating Washington, D. C., as the meeting place for next year's session. By a unanimous vote Philadelphia has been selected in place of Washington.

Two reasons were assigned for the change. One was that Washington had not a large enough membership to justify the governing body in sending to its guest, with the [illegible] expenses attached to the reception of so many visitors. The other reason was that Philadelphia with a population of over a million people is the metropolis of a state jurisdiction that has 112,947 Odd Fellows, the largest membership of any state.

The constitutional amendment providing that young man of 19 years of age be eligible to membership in the [illegible] was defeated.

Other Amendments Defeated

The amendment providing for a number of changes in the official titles of the officers of the sovereign grand lodge was also voted down. Amendments proposing that the border of next year's [illegible] be changed so that the Nebraska middle [illegible] belongs to the grand [illegible] and that the color line be [illegible] so as to permit the admission of [illegible] were partly Indian descent [illegible]

Two measures tending to reduce the [illegible] of office enjoyed by representatives of the sovereign grand lodge from two years to one also met with defeat.

The amendment providing that men who were only indirectly engaged in the liquor business might be admitted to the order was laid on the table because of a technical defect in the mode of presentation.

C. and Mrs. John B. Goodwin were granted permission to return to his home as soon as he desires owing to the fact that his visit to San Francisco began much earlier than usual because of Deputy Grand Sire Wright's illness.

Gavel for Goodwin.

The Past President's association presented a beautiful gavel to Grand Sire Goodwin.

The Washington, D. C., and the Sacramento, Calif., drill corps met this afternoon in competition at the Mechanics pavilion. The members of Washington corps were commanded by Captain D. V. Chisholm, an officer of the United States army during the Spanish war. This drill corps won the prize last year at Baltimore.

Captain O. W. Ellerine commanded the Sacramento drill corps.

Three officers of the United States regular army acted as judges.

It is also reported that Madame Stoessel was wounded in the shoulder while attending wounded soldiers at Port Arthur, that the Russians are leaving Mukden, etc., but little reliable news has been received here.

Bennett Burleigh writes from Tokio to the Daily Telegraph denying that the Russians destroyed the railway bridge at Liao-yang. He says that only the wood work was burned, and that the steel girders are intact. He adds that the Russians hardly damaged the railway between Dalny and Liao-yang.

ROUSING MEETING OF REPUBLICAN CLUB

ADDRESSES BY MAYOR MATTOCKS, SUPERINTENDENT COLLINS AND J. P. JACKSON ADDRESSED ENTHUSIASTIC MEETING.

A rousing meeting was held at City hall last night by the Roosevelt Republican club. A large crowd was present. Major Henry McAllister, of Colorado Springs, made a stirring address, and liberally dissected the Democratic platform and candidates. [illegible] the principal speaker of the evening, dwelt upon the merits of the Republican candidates and the work they have done in the past. Mr. J. P. Jackson and E. M. Collins, county superintendent of schools, also addressed the assembly. A vote of thanks was extended to Major McAllister and Mr. Conley for their [illegible]. Many new members were added to the roll.

Wm. Arcoush, chairman of committee on arrangements announced that Hon. John T. Little will address the Republican Roosevelt club next Thursday night and Hon. Josiah E. Stephen will deliver an address on October 6.

TRIED EXPERIMENT

Mayor Mattocks Turned Out Police to Show Superiority of Fire Department.

Just to show the people on the south side how quickly the fire department could respond, the mayor slipped out of his office last Wednesday night at a late hour and sent in a fire alarm from box [illegible]. The police were not informed and the boys were there really before any resistance from the projected box house on the south side could have been of service. The mayor's experiment worked and his conclusion is that a hose department in that locality would be unnecessary expense to the city, as advised to the council at their last meeting.

Miss M. Cartledge gives some helpful advice to young girls. Her letter is but one of thousands which prove that nothing is so helpful to young girls who are just arriving at the period of womanhood as Lydia E. Pinkham's Vegetable Compound.

"Dear Mrs. Pinkham:—I cannot praise Lydia E. Pinkham's Vegetable Compound too highly. ... I was troubled with ... which gutted me. I suffered much from my first menstrual period, I felt so weak and dizzy at times I could not pursue my studies with the usual interest. My thoughts became gloomy. I had headaches, backaches and sinking spells, also pains in the back and lower limbs. In fact I was sick all over.

"Finally, after many other remedies had been tried, we were advised to get Lydia E. Pinkham's Vegetable Compound, and I am pleased to say that after taking it only a few weeks, a wonderful change for the better took place, and in a short time I was in perfect health. I felt buoyant, full of life, and found all work a pastime. I am indeed glad to tell my experience with Lydia E. Pinkham's Vegetable Compound, for it made a different girl of me. Yours truly, Miss M. CARTLEDGE, 558 Whitehall St., Atlanta, Ga."

Attached a time, the grateful aid to nature is Lydia E. Pinkham's Vegetable Compound. It puts all the tone and vigor for the necessary changes, and is the surest and most reliable remedy for woman's ills of every nature. Mrs. Pinkham invites all young women who are ill to write her for free advice. Address Mrs. Pinkham, Lynn, Mass.

Mrs. Estes, of New York City, says:

"Dear Mrs. Pinkham:—I write to you because I believe all young girls ought to know how much good your medicine will do them. I did ... suffering for years before I was married, and if it had not been for Lydia E. Pinkham's Vegetable Compound, I do not believe I could have stood the strain. There is another thing that is such a strain on the system. Oh, how my back used to ache from the bending over! I would feel as though I would have to scream and leave the pew, and the sitting still made me so terribly tired and weak, and my head throbbed like an engine. I never could go a day without suffering from some ... Then I was irregular, and had such ... pains, and worse than that would simply double me up with pain, and I would have to stay in bed for days. But Lydia E. Pinkham's Vegetable Compound straightened me into a strong, well woman. Yours very truly, Miss. MARGUERITE ESTES, 748 West 150th St., N. Y. City."

No other female medicine in the world has received such widespread and unqualified endorsement. No other medicine has such a record of female troubles cured. Sold by druggists everywhere. Refuse all substitutions. Remember every woman is cordially invited to write to Mrs. Pinkham, if there is anything about her symptoms she does not understand. Mrs. Pinkham's address is Lynn, Mass.

SPECULATIVE MISGIVINGS

OBTAINED THE UPPER HAND IN WALL STREET AND CARRIED PRICES TO A LOWER LEVEL. ACTIVITY ALSO CURTAILED.

New York, Sept. 22.—Speculative misgivings obtained the upper hand today and carried prices to a lower level. The rate of activity of the trading was much curtailed in spite of the inordinate activity of Union Pacific and Southern Pacific, especially in the earlier part of the day. The misgivings were not due to any actual condition of affairs, regarding which the data were rather favorable than otherwise, but bore on the doubtful status of some of the rumors lately prevalent and which had been made the basis of operations in the market. This was especially true of those bearing on Union Pacific, which have attained such number and variety as to offer their own refutation by their inconsistency, one with another. There was a prominent advance this morning caused by the proposed dividend on the Southern Pacific preferred. This would be of equal benefit to Union Pacific with the expected distribution of Northern Securities which was used to lift the stock yesterday. As long as Union Pacific advances, the rumors seem to be given a certain amount of credence. This strengthens the suspicion that the campaign is primarily designed for the discomfiture of the shorts, but Union Pacific today began to run off in face of Southern Pacific's one point advance, the conclusion immediately suggested itself that the actual conditions in the stock must be out of joint with the rumors.

WHEAT CLOSED STRONG AND HIGHER

INCREASED DEMAND FOR FLOUR AT MINNEAPOLIS AND AN ADVANCE IN CASH WHEAT AT KANSAS CITY WERE FACTORS.

Chicago, Sept. 22.—Under the influence of [illegible] and favorable weather throughout the corn belt, wheat opened a trifle easier, December and May both being unchanged to ¼ lower at 103½ to 105, and 110@6¾ respectively. Moderate liquidation by several traders resulted in an additional decline, apparently due to a lack of demand than to selling. As the session advanced trading became more brisk, presence of rainy weather in the northwest bringing out a number of buying orders credited to the leaders of the bull clique. The market gradually developed a strong undertone which soon developed into decided strength. The increased demand for flour at Minneapolis and an advance of three cents in the price of cash wheat at Kansas City were the bull factors. The market closed practically at the highest price of the day, December 1¼ up at 110½ and May ¼ higher at 112¾.

Higher temperatures throughout the west was the main factor in producing a weak corn market. December closed ⅛@¾ off at 50.

Oats were weak. December closed ⅛@¾ lower at 31⅜@¾.

Provisions were steady. At the close January pork was up 2½, lard was off 5c, and ribs were a shade higher.
